Advanced Placement courses: Computer Science, Calculus AB/BC, Statistics, Physics I, Chemistry, Microeconomics, English Literature, U.S. History, World History

ACTIVITIES AND LEADERSHIP

- **Captain, Math Team** 2014–Present
 - Lead school team in competitions in the NH-SMASH Math League. Design and teach lessons on key topics and concepts in weekly meetings with 30 student members.
- **Co-founder & Captain, Coding Competition Team** 2017–Present
 - Co-founded Coding Team to introduce students to computer science and train members to compete in CS-related contests and events. Currently, the team has gained over 20 members and has competed in HackNEHS and the American Computer Science League.
- **President, Interact Club** 2014–Present
 - Lead weekly meetings and organize involvement in volunteer events in the greater Nashua area, including Spaghetti City, End 68 Hours of Hunger, and Penny Pickers.
- **Senior Member, Science Olympiad Team** 2015–Present
 - Compete in state competitions and regional tournaments. Projects include planning pre-builds, conducting experiments, and taking exams.

WORK EXPERIENCE

- **Assistant Instructor, Kumon (Bedford Center)** July 2017–Present
 - Organize students' worksheets, record scores in content management system, grade classwork and homework, and teach students in need of assistance.
- **Math Tutor** May 2017–August 2017
 - Tutored elementary and middle school students in math. Designed lesson plans centered around their needed areas of improvement and supplemented their class curriculum.
